

CMT NEWS 1

24 February 1988

We have finally given in to public demand to set up a mailing list. The first issue will probably go out to less than forty people. The response we get will determine whether or not we send out further issues. If you do not want to see it again let us know and you will be crossed off the list.

The main reason for sending out this information is to keep you informed of new items we have for sale. If it helps us to sell things faster then we should also be able to produce more new things for sale.

Three days ago we received the first batch (25) of Goats, designed by Paul Spooner and made by Matthew Smith - This is the 14 Ball Toy Co. team, but these are not labelled as such because they are not part of a limited edition. As an aside about limited editions, I'd like to point out that even our unlimited editions rarely get into the hundreds.

Here are the details of a selection of our current stock:

Goat kicking bucket - as illustrated, and mentioned above
£63.50

Sheep Shearers - by Ron Fuller. Sheep chops at head of man with scissors, after 11 turns he chops off his head. Ideal gift for vegetarians. £98.90

Chewing Cow - Cow chewing grass with chomping sound and shaking udders. £32.50

Lion Tamers - Ron Fuller design. None at present, but should have more by Easter. £57.50

Press-up Anubis - Matthew Smith is re-doing this design of Paul Spooners. We sold six P.S. originals of this last Christmas. Should have these next month. Under £60 ?

Prices do not include postage and packing. Orders sent to the U.S. will be exempt from VAT. We can take telephone orders on Visa, Access/Mastercard, Amex, Diners and JCB. Please phone for more information 01 379 7961
