

4½" high  
4" long

# C.M.T. NEWS 2

18th April 1988

We still haven't decided what should be included in these sheets. Current thinking is to produce new sheets when we get a new item in - this would be illustrated in some way. Then we will list currently available items, limited editions and regulars, illustrating where possible. If you want more details on anything listed then write or phone, but there is no substitute for seeing the things.

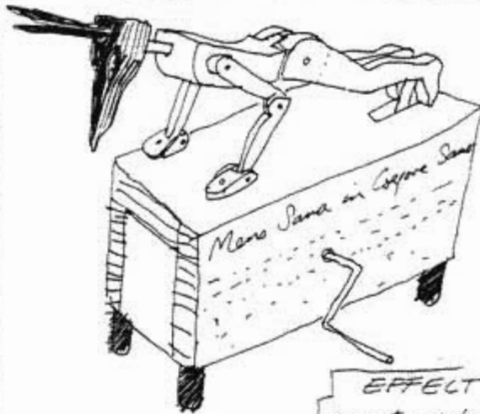

So, the new piece this time is a dalmatian designed and made by Matthew Smith. It has a very nice bounding action. See drawing. £57-50. ↗

GOATS. Paul Spooner design. Matt Smith made 50 of these bucket kickers and we still have a dozen or so left. Not sure if we'll get more. £63-50. ↗

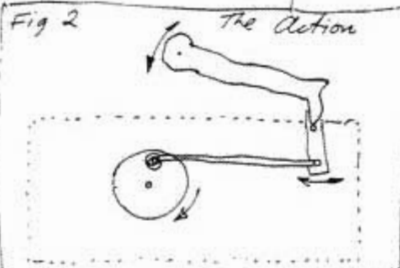

Press Up Anubis. PS design. The first batch (25) of these energetic critters sold well. Another 25 should arrive soon. £50-60. ↗

We also have two "one-offs" by Michael Howard; A wall hanging piece - £276. and one of his strange creatures £298. Get more details if interested.

secret plans of new collaborative P. Spooner  
Matt Smith machine.  
14 March 88

EFFECT: Anubis, with  
snout overhanging the end  
of his box, vigorously  
performs press-ups at a  
rate directly proportional to  
the rate of cranking

SIZE: 4½" long  
3" high, 1½" deep
